Pitlochry staff are top of the charts!

- No, thankfully not the music charts, but the school staff team are doing a great job of improving their HWB and continue to be active during the return back to the classroom. Keep it up!
- Meanwhile, Primary 2 have been showing improvement in their stamina levels during their Olympic Challenges. Well done to Clunie and Faskally who are currently joint lead with 80 runs.
- Atholl House (62 runs) took a while to realise walking backwards was the slowest option!
